

FACT SHEET

There's a moment, where we make the difference!

#BMKdelta

FACTS & FIGURES:

- Foundation: 2005
- Employees: 50
- > 100 products designed
- > 600 products layouted

BMK IS THE INTEGRAL DEVELOPMENT PARTNER,

interlinking its cross-industry sector know-how and skills in customer-related applications. Active collaboration with discerning customers creates transparency in respect of costs, time and results.

- End-to-end project management
- Customized customer service teams
- Quick decision marking

INDUSTRIE FOCUS AREAS:

- Industry electronic
- Building automation
- Automotive
- Embedded systems
- IoT-Connectivity & data security
- Energy & environmental technologies
- Smart home

ZERTIFIZIERUNGEN:

- Quality Management ISO 9001
- Energy Management ISO 50001
- Environment Management ISO 14001
- ATEX ISO 80079-34
- Industrial safety OHRIS

INTEGRAL DEVELOPMENT PARTNER:

- Responsibility for:
 - Product design
 - Approval certificates
 - Process/test engineering
 - Serial production
 - Supply chain management
- As time-to-market accelerator with parallelization of development, procurement and manufacture
- Through a transparent development process with Polarion

STRENGTHS AND SERVICES

- CAD systems: Altium designer, Mentor graphics expedition
- EMV designs in diverse technological fields
- PCB antennas
- 3D-data collision testing
- Layout with over 2000 proven shapes for high speed, low/high power applications

AWARDS:

- BEST EMS Award 2019
- Bayerns Best 50

ELECTRONIC DESIGN AND DEVELOPMENT:

- Customized IoT-capable, embedded controls
- Platform, expandable firmware and boot loader
- Analog optimized application solutions
- Functional Safety know-how for industry, railway and Ex products
- Consideration of IT security aspects

DESIGN FOR EXCELLENCE

- Production optimized footprint library
- DFM (Design For Manufacturability)
- DFT (Design For Testability)
