

FACT SHEET

There's a moment, where we make the difference!

#BMKdelta

FACTS & FIGURES:

- 11 SMT high performance lines
- 1 - 50,000 lot size
- 2,650 different products
- < 11 min. product setup time

TEST DEVELOPMENT:

- Functional test
- High-voltage-test
- Environmental testing
- In circuit test
- Boundary scan test
- Flying probe test
- Automatic optical inspection

SUPPLY CHAIN MANAGEMENT:

- 38,000 component types
- 700 suppliers
- 150 Mio. € purchasing volume
- 11,000 m² logistic area
- 80 NPIs per month

Safe

- BOM Risk Analysis
- Networked requirement planning
- Delivery time monitoring
- Early Warning
- Obsolescence management

ELECTROMECHANICAL ASSEMBLY:

- Test
- THT assembly (wave soldering, selective soldering)
- Product assembly
- Press fit technology

3D PRINTING:

- Over 3 years experience in fused filament fabrication
- 460 different articles
- ESD 3D printing filament
- 5x 3D printer
- 48 hours creation time

Customer-oriented and easy

- Individual procurement, productions- and supply concepts
- Utilization of SCM solutions

Quick an flexible

- Personal project purchasing
- Strategic supplier partnerships
- Active management of requirement fluctuations
- Focussed NPI procurement

CERTIFICATION:

- Quality Management ISO 9001
- Energy Management ISO 50001
- Environment Management ISO 14001
- ATEX ISO 80079-34
- Industrial safety OHRIS

RUGGEDIZING:

- 5 coating lines and diverse hand coating places
- 1.000.000 coated PCBAs per annum
- Many years of experience in the areas: Underfill, Potting, Silicone coating

Cost-optimized

- Global strategic purchasing
- Material group expertise
- High level of automation
- Standardized information exchange

AWARDS:

- Best EMS Award 2019
- Bayerns Best 50
