

FACT SHEET

There comes a time
when we make
a difference!

#BMKdelta

NOW SET SAILS! READY TO START WITH AUTOMOTIVE-SOLUTIONS

- Prototypes, series and spare parts production
- Successful auditing by OEMs and Tier-1
- Top Tier 1 supplier
- Prototyping on series-based manufacturing lines

FACTS AND FIGURES

- SMT lines: 3
- Selective soldering lines: 6
- Test lines: 7
- Assembly lines: 3
- Press-in lines: 2
- Milling lines: 2
- Assemblies produced each year: > 3 million
- Vapor phase line
- Production area: 8,300 m²
- Active automotive projects: > 200

CERTIFICATIONS

- IATF 16949
- EMAS III
- Quality Management ISO 9001
- Industrial safety OHRIS

BMK IS THE EXPERIENCED & FAST PARTNER FOR **YOUR** AUTOMOTIVE REQUIREMENTS.

- The quantity and high degree of automation are compliant with all relevant production processes.
- Quality planning and risk workshops
- Optimal infrastructure with overpressure, particle measurement and climate control
- Registration and declarations in IMDS
- Substantial master records of automotive parts
- Production of small quantities under automotive standards
- Obsolescence management and long-term storage

BMK IS **YOUR** PARTNER FOR THE ENTIRE LIFECYCLE OF **YOUR** ELECTRONIC PRODUCTS.

- Prototype production
- Supply chain management
- Board production
- Test development
- Test
- Ruggedizing
- After-sales-services
- Obsolescence management
