Dr. Markus Ernst is the new Managing Director of HANZA BMK Group GmbH

Augsburg – HANZA BMK sets new course for the future: As of June 1st, the company has appointed Dr. Markus Ernst as its new Managing Director. His appointment underlines the strategic development following the merger with the Swedish HANZA AB.

With fresh leadership momentum, HANZA BMK is strengthening its role as a professional and reliable partner for electronics services. With this step, the company is sending a clear signal for sustainable corporate development and the consistent implementation of its future strategy. Under the leadership of Dr. Markus Ernst, the EMS provider aims to further strengthen its market position as part of the HANZA Group and tap into new potential thanks to an expanded service portfolio in the fields of mechanics and assembly.

Dr. Markus Ernst has many years of leadership experience in companies within the electronics and industrial sectors. After earning his doctorate at Graz University of Technology in the field of software optimization for mechatronic systems for MAGNA Powertrain, he held, among other roles, the position of Head of Process Verticals & Sales Central and Eastern Europe at Siemens. Before joining HANZA BMK, he successfully led the Electronics Manufacturing division of HAINZL Industriesysteme in Linz, Austria, as Managing Director.

“The dynamics of our industry open up a wide range of opportunities. With the merger and our new international positioning, HANZA BMK is ideally placed to confidently meet market challenges and drive further growth in a targeted manner. I am very much looking forward to my future role and to sustainably developing the company together with our employees and in close partnership with our customers,” says Dr. Markus Ernst.

About HANZA BMK
HANZA BMK, headquartered in Augsburg, is a leading provider of electronic engineering and electronic manufacturing services (EMS). The service portfolio covers the entire life cycle of electronic assemblies and complete devices. In addition to development, production, and end-of-life management, HANZA BMK offers individual fulfilment / logistics services and supply chain management.

HANZA BMK is part of the Swedish HANZA AB, Europe’s largest listed contract manufacturer. The company offers a wide range of outsourcing options for electronics, mechanics and assembly, as well as related supply chain and advisory services. The group generates annual sales of approximately €1 billion and employs around 5,000 people across more than 30 locations, which are grouped into regional clusters.
